- I. Opportunity for Public Input - LCAP
The public was asked to provide input pertaining to the Local Control Accountability Plan. Those present discussed the need for continued paraprofessionals in the classrooms, and continued intervention. This is especially helpful due to time out of the classroom last spring due to COVID, and the shortened school day this year due to COVID. Those present also recognized the value of the new supper program, and wanted to make sure there was a continuance of the supper program as part of our ASES program. Those present also commended the school for providing a distance learning option for our students, and the necessary technology for our students who are on distance learning.

- II. Approve Comprehensive School Safety Plan Draft
Keenan and Associates has submitted the school's CSSP for approval. The School Safety Committee completed CSSP worksheets 1-3 and submitted them to Keenan. The plan was reviewed by the School Safety Committee on January 20, 2021.

The Superintendent or designee shall provide training in child abuse identification and reporting for all certificated personnel.

The Superintendent or designee shall also provide training in the duties of child abuse identification and reporting to instructional and teacher aides, teacher assistants and other classified employees. (Penal Code 11165.7)

In order to reduce or eliminate unfounded child abuse accusations directed at school employees, child abuse in service training shall include guidance in disciplining students and maintaining ethical relationships with them.

Child Abuse Reporting Procedures – AR 5141.4

Duty to Report

Certificated employees and classified employees trained in child abuse identification and reporting shall report known or suspected child abuse to a child protective agency by telephone immediately or as soon as practically possible and in writing within 36 hours. The reporting duties are individual and cannot be delegated to another individual except under circumstances set forth in Penal Code 11166.

Definitions

1. "Child Abuse" includes the following:
 - a. A physical injury inflicted by other than accidental means on a child by another person
 - b. Sexual abuse of a child
 - c. Willful cruelty or unjustifiable punishment of a child, or willfully inflicting unjustifiable physical pain or mental suffering, or failure to safeguard a child from these injuries when the child is under a person's care or custody
 - d. Unlawful corporal punishment or injury resulting in a traumatic condition
 - e. Neglect of a child or abuse in out-of-home care
2. "Mandated Reporters" are those people defined by law as "child care custodians," "health practitioners," "child visitation monitors" and "employees of a child protective agency." Mandated reporters include virtually all school employees. The following school personnel are required to report:

Teachers, administrators, supervisors of child welfare and attendance, certificated student personnel employees, employees of a child care institutions, head start teachers, school psychologists, licensed nurses, counselors, presenters of child abuse prevention programs and those instructional aides or other classified employees trained in child abuse reporting.
3. "Child Protective Agencies" are those law enforcement and child protective services responsible for investigating child abuse reports, including the local police or sheriff department, county welfare or juvenile probation department and child protective services.
4. "Reasonable Suspicion" means that it is objectively reasonable for a person to entertain in such a suspicion, based upon facts that could cause a reasonable person in a like position, drawing when appropriate on his/her training and experience, to suspect child abuse. (Penal Code 11166)

Reporting Procedures

1. To report known or suspected child abuse, any employee (as defined above) shall report by telephone to the local child protective agency.

Department of Social Services - Child Welfare Services
(Name of Child Protective Agency)
929 Koster Street, Eureka, CA 95501 (707) 445-6180
(Address and Phone Number)

The telephone report must be made immediately, or as soon as practically possible, upon suspicion. This report will include:

- a. The name of the person making the report
- b. The name of the child
- c. The present location of the child
- d. The nature and extent of any injury
- e. Any other information requested by the child protective agency, including the information that led the mandated reporter to suspect child abuse

When the verbal report is made, the mandated reporter shall note the name of the official contacted, the date and time contacted, and any instructions or advice received.

2. Within 36 hours of making the telephone report, the mandated reporter shall complete and mail to the local child protective agency a written report which includes a completed Department of Justice form (DOJ SS 8572).

Mandated reporters may obtain copies of the above form either from the District or the local child protective agency.

Instructions are included on the form, and reporters may ask the site administrator for help completing and- mailing it; however, the mandated reporter is personally responsible for ensuring that the written report is correctly filed.

3. Employees reporting child abuse to a child protective agency are encouraged, but not required, to notify the site administrator or designee as soon as possible after the initial verbal report by telephone. When so notified, the site administrator shall inform the Superintendent or designee.

Administrators so notified shall provide the mandated reporter with any assistance necessary to ensure that reporting procedures are carried out in accordance with law and District regulations. At the mandated reporter's request, the principal may assist in completing and filing these forms.

If the mandated reporter does not disclose his/her identity to a District administrator, he/she shall at least provide or mail a copy of the written report to the District without his/her signature or name.

Legal Responsibility and Liability

1. Mandated reporters have absolute immunity. School employees required to report are not civilly or criminally liable for filing a required or authorized report of known or suspected child abuse.
2. If a mandated reporter fails to report an instance of child abuse which he/she knows to exist or reasonably should know to exist, he/she is guilty of a misdemeanor punishable by confinement in jail for up to six months, a fine of up to \$1,000, or both. The mandated reporter may also be held civilly liable for damages resulting from any injury to the child after a failure to report.
3. When two or more persons who are required to report have joint knowledge of a suspected instance of child abuse, and when they so agree, the telephone report may be made by either of them and a single report made and signed by that person.

However, if any person knows or should know that the designated person failed to make the report, that person then has a duty to do so.

4. The duty to report child abuse is an individual duty and no supervisor or administrator may impede or inhibit such reporting duties. Furthermore, no person making such a report shall be subject to any sanction.

Victim Interviews

Upon request, a child protective agency representative may interview a suspected victim of child abuse during school hours, on school premises, concerning a report of suspected child abuse that occurred within the child's home. The child shall be given the choice of being interviewed in private or in the presence of any adult school employee or volunteer aide selected by the child. (Penal Code 11174.3)

A staff member or volunteer aide selected by a child may decline to be present at the interview. If the selected person accepts, the principal or designee shall inform him/her, before the interview takes place, of the following legal requirements:

1. The purpose of the selected person's presence at the interview is to lend support to the child and enable him/her to be as comfortable as possible.
2. The selected person shall not participate in the interview.
3. The selected person shall not discuss the facts or circumstances of the case with the child.
4. The selected person is subject to the confidentiality requirements of the Child Abuse and Reporting Act, a violation of which is punishable as specified in Penal Code 11167.5.

If a staff member agrees to be present, the interview shall be held at a time during school hours when it does not involve an expense to the school. (Penal Code 11174.3)

Release of Child to Peace Officer or Child Protective Services Agent

When a child is released to a peace officer or child protective services agent and taken into custody as a victim of suspected child abuse, the Superintendent or designee and/or principal shall not notify the parent/ guardian as required in other instances of removal of a child from school, but rather shall provide the peace officer or agent with the address and telephone number of the child's parent/guardian. It is the responsibility of the peace officer or agent to notify the parent/guardian of the situation... (Education Code 48906)

Peace officers and child protective services agents will be asked to sign an appropriate release or acceptance of responsibility form.

When School Employees are Accused of Child Abuse

Regardless of who child abusers may be, the major responsibilities of mandated reporters are to 1) identify incidents of suspected child abuse, and 2) comply with laws requiring the reporting of suspected abuse to the proper authorities. Determining whether or not the suspected abuse actually occurred is not the responsibility of the school employee. Such determination and follow-up investigation will be made by a child protective agency.

Pending the outcome of an investigation by a child protective agency and before formal charges are filed, the employee may be subject to reassignment or a paid leave of absence.

Upon filing formal charges or upon conviction, the District may take disciplinary action in accordance with law, District policies, regulations and/or collective bargaining agreements. The Superintendent or designee shall seek legal counsel in connection with either the suspension or dismissal of the employee.

Suspension And Expulsion/Due Process – BP 5144.1

The Board of Trustees has established policies and standards of behavior in order to promote learning and protect the safety and well-being of all students. When these policies and standards are violated, it may be necessary to suspend or expel a student from regular classroom instruction.

Suspended or expelled students shall be excluded from all school-related extracurricular activities during the period of suspension or expulsion.

Except where suspension for a first offense is warranted in accordance with law, suspension shall be imposed only when other means of correction fail to bring about proper conduct. (Education Code 48900.5)

Expulsion is an action taken by the Board for severe or prolonged breaches of discipline by a student. Except for single acts of a grave nature, expulsion is used only when there is a history of misconduct, when other forms of discipline, including suspension, have failed to bring about proper conduct, or when the student's presence causes a continuing danger to him/herself or others. (Education Code 48915)

The grounds for suspension and expulsion and the procedures for considering, recommending and/or implementing suspension and expulsion shall be specified in administrative regulation.

Zero Tolerance

The Board supports a zero-tolerance approach to serious offenses. This approach makes the removal of potentially dangerous students from the classroom a top priority. It ensures fair and equal treatment of all students and requires that all offenders be punished to the fullest extent allowed by law. Staff shall immediately report to the Superintendent or designee any incidence of offenses specified in law, Board policy and administrative regulation as cause for suspension or expulsion.

The Superintendent or designee shall notify staff, students and parents/ guardians about the District's zero tolerance policy and the consequences which may result from student offenses. He/she shall also ensure strict enforcement of this policy.

Student Due Process

The Board shall provide for the fair and equitable treatment of students facing suspension and expulsion by affording them their due process rights under the law. The Superintendent or designee shall comply with procedures for notices and appeals as specified in administrative regulation and law. (Education Code 48911, 48915, 48915.5)

On-Campus Suspension Program

The Board recognizes that students who are suspended from school often have no supervision or guidance during the school hours when they are off campus and may fall behind in the coursework. The Board believes that in many cases, it would be better to address the student's misconduct by

keeping the student at school and providing him/her with supervision that is separated from the regular classroom.

The Superintendent or designee shall establish a supervised in-house suspension program which meets the requirements of law for suspended students who pose no imminent danger or threat at school and for whom an expulsion action has not been initiated.

The Superintendent or designee shall examine alternatives to off-campus suspension and may establish a suspension program which involves progressive discipline during the school day on campus; use of conferences between staff, parents/guardians and students; detention; student study teams or other assessment-related teams; and/or referral to school support services staff. The use of such alternatives does not preclude off-campus suspensions.

Required Parental Attendance

The Board believes that parental involvement plays an important role in the resolution of classroom behavior problems. The Board expects that teachers will communicate with parents/guardians when behavior problems arise.

Whenever a student is removed from a class because he/she committed an obscene act, engaged in habitual profanity or vulgarity, disrupted school activities or otherwise willfully defied valid staff authority, the teacher of the class from which the student was removed may provide that the student's parent/guardian attend a portion of a school day in that class. After completing the classroom visit and before leaving school premises, the parent/guardian also shall meet with the principal or designee. (Education Code 48900.1)

The Board encourages teachers, before requiring parental attendance, to make reasonable efforts- to have-the parent/guardian visit the class voluntarily. The teacher also may inform the parent/guardian about available resources and parent education opportunities. Teachers should reserve the option of required parental attendance for cases in which they have determined that it is the best strategy to promote positive interaction between the student and the parent/guardian and to improve classroom behavior.

The teacher shall apply this policy uniformly to all students within the classroom. This policy shall apply only to a parent/guardian who lives with the student. (Education Code 48900.1)

Parental attendance may be requested on the day the student returns to class or within one week thereafter. The principal or designee shall contact any parents/guardians who do not respond to the request to attend school. The Board recognizes that parental compliance with this policy may be delayed, modified or prevented for reasons such as serious illness/injury/disability, absence from town, or inability to get certain release time from work.

District regulations and school-site rules for student discipline shall include procedures for implementing parental attendance requirements.

Decision not to Enforce Expulsion Order

On a case-by-case basis, the enforcement of an expulsion order may be suspended by the Board pursuant to the requirements of law.

Removal from Class by a Teacher/Parental Attendance

A teacher may suspend any student from his/her class for the remainder of the day and the following day for any act listed in "Grounds for Suspension and Expulsion" above. (Education Code 48910)

A teacher also may refer a student to the principal or designee for consideration of suspension from school. (Education Code 48910)

When removing a student from his/her class, the teacher shall immediately report this action to the principal and send the student to the principal for appropriate action. The student shall be appropriately supervised during the class periods from which he/she has been removed.

As soon as possible, the teacher shall ask the student's parent/guardian to attend a parent- teacher conference regarding the removal. A counselor or psychologist should attend the conference if it is

practicable, and a school administrator may attend if either the parent/guardian or teacher so requests.

A student removed from class shall not be returned to class during the period of removal without the approval of the teacher of the class and the principal. (Education Code 48910)

A student removed from class shall not be placed in another regular class during the period of removal. However, if a student is assigned to more than one class per day, he/she may be placed in any other regular classes except those held at the same time as the class from which the student was removed. (Education Code 48910)

The teacher of any class from which a student is removed may require the student to complete any assignments and tests missed during the removal. (Education Code 48913)

Pursuant to Board policy, a teacher may provide that the parent/guardian of a student whom the teacher has removed attend a portion of a school day in his/her child's classroom. This notice shall also:

3. State that if the parent/guardian does not have a means of transportation to school, he/she may ride the school bus with the student
4. Ask the parent/guardian to meet with the principal after the visit and before leaving school, as required by Education Code 48900.1

Suspension by Superintendent, Principal or Principal's Designee

The Superintendent, principal or principal's designee may suspend a student from a school for not more than five consecutive school days unless the suspension is extended pending expulsion. (Education Code 48911)

The Superintendent or designee shall immediately suspend any student found at school or at a school activity to be: (Education Code 48915)

3. Unlawfully selling a controlled substance listed in Health and Safety Code 11053- 11058

4. Committing or attempting to commit a sexual assault or committing a sexual battery as defined in item #14 under "Grounds for Suspension and Expulsion" above

Suspension also may be imposed upon a first offense if the Superintendent, principal or designee determines the student violated items #1-5 listed in "Grounds for Suspension and Expulsion" above or if the student's presence causes a danger to persons or property or threatens to disrupt the instructional process. (Education Code 48900.5)

A student may be suspended from school for not more than 20 school days in any school year, unless for purposes of adjustment a student enrolls in or is transferred to another regular school, an opportunity school, or continuation school or class, in which case suspension shall not exceed 30 days in any school year. However, this restriction on the number of days of suspension does not apply when the suspension is extended pending an expulsion. (Education Code 48903, 48912)

Suspensions shall be initiated according to the following procedures:

1. Informal Conference: Suspension shall be preceded by an informal conference conducted by the principal, designee or the Superintendent with the student and, whenever practicable, the teacher, supervisor or school employee who referred the student to the principal. At the conference, the student shall be informed of the reason for the disciplinary action and the evidence against him/her; the student shall be given the opportunity to present his/her version and evidence in support of his/her defense. (Education Code 48911(b))

This conference may be omitted if the principal, designee or the Superintendent determines that an emergency situation exists. - An "emergency situation" involves clear and present danger to the lives, safety or health of students or school personnel. If a student is suspended without this conference, both the parent/guardian and

student shall be notified of the student's right to return to school for the purpose of a conference. The conference shall be held within two days, unless the student waives his/her right to it or is physically unable to attend for any reason. In such case, the conference shall be held as soon as the student is physically able to return to school. (Education Code 48911(c))

2. Administrative Actions: All requests for student suspension are to be processed by the principal or designee of the school in which the student is enrolled at the time of the misbehavior.

A school employee shall report the suspension, including the name of the student and the cause for the suspension, to the Superintendent or designee.

3. Notice to Parents/Guardians: At the time of the suspension, a school employee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension. (Education Code 48911)

This notice shall state the specific offense committed by the student. (Education Code 48900.8).

In addition, the notice may also state the date and time when the student may return to school. If school officials wish to ask the parent/guardian to confer regarding matters pertinent to the

suspension, the notice may add that state law requires the parent/guardian to respond to such requests without delay.

4. Parent/Guardian Conference: Whenever a student is suspended, school officials may meet with the parent/guardian to discuss the causes and duration of the suspension, the school policy involved and any other pertinent matter. (Education Code 48914)

While the parent/guardian is required to respond without delay to a request for a conference about a student's behavior, no penalties may be imposed on the student for the failure of the parent/guardian to attend such a conference. The student may not be denied readmission solely because the parent/guardian failed to attend. (Education Code 48911)

5. Extension of Suspension: If the Board is considering the expulsion of a suspended student from any school or the suspension of a student for the balance of the semester- from continuation school, the Superintendent or designee may, in writing, extend the suspension until such time as the Board has made a decision. (Education Code 4891 l(g))

Any extension of the original period of suspension shall be preceded by notice of such extension with an offer to hold a conference concerning the extension, giving the student an opportunity to be heard. This conference may be held in conjunction with a meeting requested by the student or parent/guardian to challenge the original suspension. Extension of the suspension may be made only if the Superintendent or designee determines, following a meeting in which the student and the student's parent/guardian were invited to participate, that the student's presence at the school or at an alternative school would endanger persons or property or threaten to disrupt the instructional process. (Education Code 48911)

Suspension by the Board

The Board may suspend a student for any of the acts listed in "Grounds for Suspension and Expulsion" above and within the limits specified in "Suspension by Superintendent, Principal or Principal's Designee" above. (Education Code 48912)

The Board may suspend a student enrolled in a continuation school or class for a period not longer than the remainder of the semester if any of the acts listed in "Grounds for Suspension and Expulsion" occurred. The suspension shall meet the requirements of Education Code 48915. (Education Code 48912.5)

When the Board is considering a suspension, disciplinary action or any other action (except expulsion) against any student, it shall hold closed sessions if a public hearing would lead to disclosure of information violating a student's right to privacy under Education Code 49073- 49079.

The Board shall provide the student and his/her parent/guardian with written notice of the closed session by certified mail. Upon receiving this notice, the student or parent/guardian may request a public meeting, and this request shall be granted if made in writing within 48 hours after receipt of the Board's notice. However, any discussion that conflicts with any other student's right to privacy still shall be held in closed session. (Education Code 35146, 48912)

On-Campus Suspension Program

Students for whom an expulsion action has not been initiated and who pose no imminent danger or threat to the school may be assigned to a separate, supervised suspension classroom for the entire period of suspension. The following conditions shall apply: (Education Code 48911.1)

1. The supervised suspension classroom shall be staffed in accordance with law.
2. The student shall have access to appropriate counseling services.
3. The supervised suspension classroom shall promote completion of schoolwork and tests missed by the student during the suspension.
4. Each student shall be responsible for contacting his/her teacher(s) to receive assignments to be completed in the supervised suspension classroom. The teacher shall provide all assignments and tests that the student will miss while suspended. If no such work is assigned, the person supervising the suspension classroom shall assign schoolwork.

At the time a student is assigned to a supervised suspension classroom, the principal or designee shall notify the student's parent/guardian in person or by telephone. When the assignment is for longer than one class period, this notification shall be made in writing. (Education Code 48911.1)

Authority to Expel

A student may be expelled only by the Board. The Board shall expel, as required by law, any student found to have committed certain offenses listed below under "Mandatory Recommendation and Mandatory Expulsion."

The Board may also order a student expelled for any of the acts listed above under "Grounds for Suspension and Expulsion" upon recommendation by the principal, Superintendent, hearing officer or administrative panel, based on finding either or both of the following: (Education Code 48915(b) and (e))

1. That other means of correction are not feasible or have repeatedly failed to bring about proper conduct
2. That due to the nature of the violation, the presence of the student causes a continuing danger to the physical safety of the student or others

Mandatory Recommendation for Expulsion

Unless the principal, Superintendent or designee finds that expulsion is inappropriate due to particular circumstances, the principal, Superintendent or designee shall recommend a student's expulsion for any of the following acts: (Education Code 48915(a))

2. Possession of any knife as defined in Education Code 48915(g), explosive or other dangerous object of no reasonable use to the student

The principal, Superintendent or designee shall recommend that the Board expel any student found at school or at a school activity to be: (Education Code 48915(c))

1. Possessing, as verified by a District employee, or selling or otherwise furnishing a firearm, unless the student had obtained prior written permission to possess the item from a certificated school employee, with the principal or designee's concurrence
2. Brandishing a knife as defined in Education Code 48915(g) at another person
3. Unlawfully selling a controlled substance listed in Health and Safety Code 11053- 11058
4. Committing or attempting to commit a sexual assault or committing a sexual battery as defined in item #14 under "Grounds for Suspension and Expulsion" above

Upon finding that the student committed any of the above acts, the Board shall expel the student. (Education Code 48915)

Student's Right to Expulsion Hearing

The student is entitled to a hearing to determine whether the student should be expelled. The hearing shall be held within 30 school days after the principal or Superintendent or designee determines that one of the acts listed under "Grounds for Suspension and Expulsion" has occurred. (Education Code 48918(a))

The student is entitled to one postponement of an expulsion hearing for a period of not more than 30 calendar days. The request for postponement shall be in writing. Any subsequent postponement may be granted at the Board's discretion. (Education Code 48918(a))

If the Board finds it impractical to comply with these time requirements for conducting an expulsion hearing, the Superintendent or designee may, for good cause, extend the time period by an additional five school days. Reasons for the extension shall be included as a part of the record when the expulsion hearing is held. (Education Code 48918(a))

Once the hearing starts, all matters shall be pursued with reasonable diligence and concluded without unnecessary delay. (Education Code 48918(a))

Rights of Complaining Witness

An expulsion hearing involving allegations of sexual assault or sexual battery may be postponed for one school day in order to accommodate the special physical, mental or emotional needs of a student who is the complaining witness. (Education Code 48918.5)

Whenever the Superintendent or designee recommends an expulsion hearing that addresses allegations of sexual assault or sexual battery, he/she shall give the complaining witness a copy of the District's-suspension and expulsion policy and regulation and shall advise the witness of his/her right to: (Education Code 48918.5)

1. Receive five days' notice of his/her scheduled testimony at the hearing
2. Have up to two adult support persons of his/her choosing present in the hearing at the time he/she testifies
3. Have a closed hearing during the time he/she testifies

Whenever any allegation of sexual assault or sexual battery is made, the Superintendent or designee shall immediately advise complaining witnesses and accused students to refrain from personal or telephone contact with each other during the time when an expulsion process is pending. (Education Code 48918.5)

Written Notice of the Expulsion Hearing

Written notice of the hearing shall be forwarded to the student and the student's parent/guardian at least 10 calendar days before the date of the hearing. The notice shall include: (Education Code 48900.8, 48918(b))

1. The date and place of the hearing
2. A statement of the specific facts, charges and offense upon which the proposed expulsion is based
3. A copy of District disciplinary rules which relate to the alleged violation
4. Notification of the student's or parent/guardian's obligation, pursuant to Education Code 48915.1, to provide information about the student's status in the District to any other District in which the student seeks enrollment. This obligation applies when a student is expelled for acts other than those described in Education Code 48915(a).
5. The opportunity for the student or the student's parent/guardian to appear in person or to employ and be represented by counsel
6. The right to inspect and obtain copies of all documents to be used at the hearing
7. The opportunity to confront and question all witnesses who testify at the hearing
8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf, including witnesses

Conduct of Expulsion Hearing

1. Closed Session: Notwithstanding the provisions of Government Code 54953 and Education Code 35145, the Board shall conduct a hearing to consider the expulsion of the student in a session closed to the public unless the student requests in writing at least five days prior to the hearing that the hearing be a public meeting. If such request is made, the meeting shall be public unless another student's privacy rights would be violated.

Whether the expulsion hearing is held in closed or public session, the Board may meet in closed session to deliberate and determine whether or not the student should be expelled. If the Board admits any other person to this closed session, the parent/guardian, the student, and the counsel of the student shall also be allowed to attend the closed session. (Education Code 48918(c))

If a hearing that involves a charge of sexual assault or sexual battery is to be conducted in public, a complaining witness shall have the right to have his/her testimony heard in closed session when testifying in public would threaten serious psychological harm to the witness and when there are no alternative procedures to avoid the threatened harm, including , but not limited to videotaped deposition or contemporaneous examination in another place communicated to the hearing room by closed-circuit television. (Education Code 48918(c))

2. Record of Hearing: A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made. (Education Code 48918(g))
3. Subpoenas: Before commencing a student expulsion hearing, the Board may issue subpoenas, at the request of either the student or the Superintendent or designee, for the personal appearance at the hearing of any person who actually witnessed the action that gave rise to the recommendation for expulsion. After the hearing has commenced, the Board or the hearing officer or administrative panel may issue such subpoenas at the request of the student or the County Superintendent of Schools or designee. All subpoenas shall be issued in accordance with the Code of Civil Procedure 1985-1985.2 and enforced in accordance with Government Code 11525. (Education Code 48918(i))

Any objection raised by the student or the Superintendent or designee to the issuance of subpoenas may be considered by the Board in closed session, or in open session if so requested by the student, before the meeting. The Board's decision in response to such an objection shall be final and binding. (Education Code 48918(i))

If the Board determines, or if the hearing officer or administrative panel finds and submits to the Board, that a witness would be subject to unreasonable risk of harm by testifying at the hearing, a subpoena shall not be issued to compel the personal attendance of that witness at the hearing. However, that witness may be compelled to testify by means of a sworn declaration as described in item #4 below. (Education Code 48918(i))

4. Presentation of Evidence: While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. The decision of the Board to expel must be supported by substantial evidence that the student committed any of the acts listed in "Grounds for Suspension and Expulsion" above.

Findings of fact shall be based solely on the evidence at the hearing. While no evidence shall be based solely on hearsay, sworn declarations may be admitted as testimony from witnesses

whose disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm. (Education Code 48918(f) and (h))

In cases where a search of a student's person or property has occurred, evidence describing the reasonableness of the search shall be included in the hearing record.

5. Testimony by Complaining Witnesses: The following procedures shall be observed when hearings involve allegations of sexual assault or sexual battery by a student: (Education Code 48918)
 - a. Any complaining witness shall be given five days' notice before being called to testify.
 - b. Any complaining witness shall be entitled to have up to two adult support persons, including but not limited to a parent/guardian or legal counsel, present during his/her testimony.
 - c. Before a complaining witness testifies, support persons shall be admonished that the hearing is confidential.
 - d. The person presiding over the hearing may remove a support person whom he/she finds is disrupting the hearing.
 - e. If one or both support persons are also witnesses, the hearing shall be conducted according to Penal Code 868.5.
 - f. Evidence of specific instances of prior sexual conduct of a complaining witness shall be presumed inadmissible and shall not be heard unless the person conducting the hearing determines that extraordinary circumstances require the evidence to be heard. Before such a determination is made, the complaining witness shall be given notice and an opportunity to oppose the introduction of this evidence. In the hearing on the admissibility of this evidence, the complaining witness shall be entitled to be represented by a parent/guardian, legal counsel or other support person. Reputation or opinion evidence regarding the sexual behavior of a complaining witness shall not be admissible for any purpose.
 - g. In order to facilitate a free and accurate statement of the experiences of the complaining witness and to prevent discouragement of complaints, the District shall provide a nonthreatening environment.
 - (1) The District shall provide a room separate from the hearing room for the use of the complaining witness before and during breaks in testimony.
 - (2) At the discretion of the person conducting the hearing, the complaining witness shall be allowed reasonable periods of relief from examination and cross-examination during which he/she may leave the hearing room.
 - (3) The person conducting the hearing may:

- (a) Arrange the seating within the hearing room so as to facilitate a less intimidating environment for the complaining witness
 - (b) Limit the time for taking the testimony of a complaining witness to the hours he/she is normally in school, if there is no good cause to take the testimony during other hours
 - (c) Permit one of the support persons to accompany the complaining witness to the witness stand
6. Decision Within 10 Days: The Board's decision on whether to expel a student shall be made within 10 school days after the conclusion of the hearing, unless the student requests in writing that the decision be postponed. (Education Code 48918(a))
7. Decision Within 40 Days: If the Board does not meet on a weekly basis, its decision whether to expel a student shall be made within 40 school days after the student is removed from his/her school of attendance, unless the student requests in writing that the decision be postponed. (Education Code 48918(a))

Alternative Expulsion Hearing: Hearing Officer or Administrative Panel

Instead of conducting an expulsion hearing itself, the Board may contract with the county hearing officer or with the Office of Administrative Hearings of the State of California for a hearing officer. Alternatively, the Board may appoint an impartial administrative panel composed of three or more certificated personnel, none of whom shall be members of the Board or on the staff of the school in which the student is enrolled. (Education Code 48918(d))

A hearing conducted by the hearing officer or administrative panel shall conform to the same procedures as apply to a hearing conducted by the Board as specified above in "Conduct of Expulsion Hearing."

The hearing officer or administrative panel shall, within three school days after the hearing, determine whether to recommend expulsion of the student to the Board. If expulsion is not recommended, the student shall be immediately reinstated. The Superintendent or designee shall place the student in a classroom instructional program, any other instructional program, a rehabilitation program, or any combination of these programs after consulting with District staff, including the student's teachers and with the student's parent/guardian. (Education Code 48918(e))

If expulsion is recommended, findings of fact in support of the recommendation shall be prepared and submitted to the Board. All findings of fact and recommendations shall be based solely on the evidence presented at the hearing. The Board may accept the recommendation based either upon a review of the findings of fact and recommendations submitted or upon the results of any supplementary hearing the Board may order. (Education Code 48918(f))

In accordance with Board policy, the hearing officer or administrative panel may recommend that the Board suspend the enforcement of the expulsion for a period of one year. (See "Decision Not to Enforce Expulsion Order below.")

The Board shall make its decision about the student's expulsion within 40 school days after the date of the student's removal from school unless the student requests in writing that the decision be postponed. (Education Code 48918(a))

Final Action by the Board

Whether the expulsion hearing is conducted in closed or public session by the Board, a hearing officer, or an administrative panel, the final action to expel shall be taken by the Board at a public meeting. (Education Code 489186))

If the Board conducts the hearing and reaches a decision not to expel, this decision shall be final and the student shall be reinstated immediately.

Upon ordering an expulsion, the Board shall set a date when the student shall be reviewed for readmission to a school within the District. For a student expelled for an act listed under "Mandatory Recommendation and Mandatory Expulsion" above, this date shall be one year from the date the expulsion occurred, except that the Board may set an earlier date on a case- by-case basis. For a student expelled for other acts, this date shall be no later than the last day of the semester following the semester in which the expulsion occurred. (Education Code 48916)

At the time of the expulsion order, the Board shall recommend a plan for the student's rehabilitation, which may include: (Education Code 48916)

1. Periodic review as well as assessment of the student at the time of review for readmission
2. Recommendations for improved academic performance, tutoring, special education assessments, job training, counseling, employment, community service and other rehabilitative programs

With parental consent, students who have been expelled for reasons relating to controlled substances or alcohol may be required to enroll in a county-sponsored drug rehabilitation program before returning to school. (Education Code 48916.5)

Written Notice to Expel

The Superintendent or designee shall send written notice of the decision to expel to the student or parent/guardian. This notice shall include the following :

1. The specific offense committed by the student for any of the causes for suspension or expulsion listed in Education Code 48900(a)-(o), Education Code 48900.2-48-900 -A- and Education Code 48915(c) (Education Code 48900.8)
2. The fact that a description of readmission procedures will be made available to the student and his/her parent/guardian (Education Code 48916)

4. Notice of the alternative educational placement to be provided to the student during the time of expulsion (Education Code 48918)

5. Notice of the student's or parent/guardian's obligation to inform any new District in which the student seeks to enroll of the student's status with the expelling District, pursuant to Education Code 48915.1 (Education Code 48918)

Decision Not to Enforce Expulsion Order

In accordance with Board policy, when deciding whether to suspend the enforcement of an expulsion, the Board shall take into account the following criteria:

1. The student's pattern of behavior
2. The seriousness of the misconduct
3. The student's attitude toward the misconduct and his/her willingness to follow a rehabilitation program

The suspension of the enforcement of an expulsion shall be governed by the following: (Education Code 48917)

1. The Board may, as a condition of the suspension of enforcement, assign the student to a school, class or program appropriate for the student's rehabilitation. This rehabilitation program may provide for the involvement of the student's parent/guardian in the student's education. However, a parent/guardian's refusal to participate in the rehabilitation program shall not be considered in the Board's determination as to whether the student has satisfactorily completed the rehabilitation program.
2. During the period when enforcement of the expulsion order is suspended, the student shall be on probationary status.
3. The suspension of the enforcement of an expulsion order may be revoked by the Board if the student commits any of the acts listed under "Grounds for Suspension and Expulsion" above or violates any of the District's rules and regulations governing student conduct.
4. When the suspension of the enforcement of an expulsion order is revoked, a student may be expelled under the terms of the original expulsion order.
5. Upon satisfactory completion of the rehabilitation assignment, the Board shall reinstate the student in a District school. Upon rein-statement, the Board may order the expunging of any or all records of the expulsion proceedings.
6. Suspension of the enforcement of an expulsion order shall not affect the time period and requirements for the filing of an appeal of the expulsion order with the County Board of Education .
7. The Superintendent or designee shall send written notice of any decision to suspend the enforcement of an expulsion order during a period of probation to the student or parent/guardian. The notice shall also inform the parent/guardian of the right to appeal the expulsion to the County Board of Education. (Education Code 48918G)).

Right to Appeal

The student or parent/guardian is entitled to file an appeal of the Board's decision to the County Board of Education. The appeal must be filed within 30 days of the Board's decision to expel, even if the expulsion action is suspended and the student is placed on probation. (Education Code 48919)

Post-Expulsion Placements

The Board shall refer expelled students to a program of study that is : (Education Code 48915, 48915.01)

1. Appropriately prepared to accommodate students who exhibit discipline problems
2. Not provided at a comprehensive middle , junior or senior high school or at any elementary school, unless the program is offered at a community day school established at such a site
3. Not housed at the school site attended by the student at the time of suspension

When the placement described above is not available, and when the County Superintendent of Schools so certifies, students expelled for acts described in items #6 through #13 and #17 through #19 under "Grounds for Suspension and Expulsion" above may be instead referred to a program of study that is provided at another comprehensive middle, junior, or senior high school, or at an elementary school.

The program for a student expelled from any of grades K-6 shall not be combined or merged with programs offered to students in any of grades 7-12. (Education Code 48916.1)

Readmission After Expulsion

Every educator has the right to teach in an atmosphere free from disruption and obstacles that impede learning. We believe in promoting a safe and positive learning environment that includes: teaching positive school rules; positively reinforcing appropriate student behavior; using effective classroom management; providing early intervention and support strategies for misconduct; and appropriate use of logical and meaningful consequences.

Emergency Operations Plan

General Emergency Actions

Emergency Actions are a set of simple directives and alert level procedures that may be implemented across a number of emergency situations. When an emergency occurs, it is critical that staff members take immediate steps to protect themselves and others. With Emergency Actions in place, staff can follow specific directions without having to learn extensive protocols for each of several dozen different emergency situations. The Incident Commander will decide which Emergency Actions to implement, based on the situation.

The most common immediate emergency actions below are listed below. Staff members must become familiar with each emergency action and be prepared to perform assigned responsibilities. All students must be taught what to do when any of the common emergency actions are implemented.

Type	Definition
STATUS	ALL CLEAR communicates to students and staff that the emergency is over and normal school operations can resume.
	EMERGENCY DAMAGE ASSESSMENT is the inspection process used immediately following an emergency (typically while students and staff are under an EVACUATION order) to determine if it is safe to resume occupancy of school facilities. An EMERGENCY DAMAGE ASSESSMENT should be performed following any event with the potential to cause damage school facilities or equipment.
RESTRICTED MOVEMENT & ACCESS	<p>LOCKDOWN is initiated to isolate students and school staff from danger on or near the campus when movement within the school and within rooms on the campus might put students and staff in jeopardy. LOCKDOWN is used to prevent intruders from entering occupied areas of the buildings.</p> <ul style="list-style-type: none"> • Lock the doors; • Close and lock windows, and close blinds or cover windows; • Turn off lights; • Silence all electronic devices; • Remain silent; • Use strategies to silently communicate with first responders if possible, • Hide along the wall closest to the exit but out of the view from the hallway (allowing for an ambush of the intruder and for possible escape if the intruder enters the room); and • Remain in place until the release from lockdown by school administration or evacuated by law enforcement.

Type	Definition
	<p>SECURE CAMPUS is implemented as a precautionary measure to ensure the safety of students and staff when there is danger in the surrounding community or a bomb threat is made against the school. SECURE CAMPUS requires that all students and staff take shelter in school buildings and lock all exterior doors. Classroom instruction and/or activity may continue as long as all classroom and office doors are locked and all students and staff remain inside through the duration of that event. The school perimeter should be secured.</p> <p>SHELTER IN PLACE is implemented when there is a need to isolate students and staff from the outdoor environment to prevent exposure to airborne contaminants. The procedures include closing and sealing doors, windows and vents; shutting down the classroom/building heating, ventilation and air conditioning systems to prevent exposure to the outside air; and turning off pilot lights. SHELTER IN PLACE allows for the free movement of staff and students within the building, although one should not leave the room until further instructions are received. Those in bungalows and buildings with exterior passageways must remain in the classroom while SHELTER IN PLACE is instituted. It is appropriate for, but not limited to, gas leaks, external chemical release, dirty bombs and hazardous material spills.</p> <p>TAKE COVER is implemented when it is necessary to move to and take refuge in the best shielded areas within the school buildings. It is appropriate for, but not limited to, severe windstorms and tornados.</p> <ul style="list-style-type: none"> • Move students and staff into the school’s permanent buildings, on the ground floor. • Group students/staff together at the furthest point away from windows on the floor. <ul style="list-style-type: none"> ✓ Face the wall with backs to the windows ✓ Crouch down on knees and elbows ✓ Hands covering the back of their head/neck • If a tornado warning or potentially damaging windstorm occurs at dismissal, delay dismissal. <p>An order to TAKE COVER should remain in place until the National Weather Service has lifted the warning.</p> <p>DUCK, COVER AND HOLD ON is the action taken during an earthquake to protect students and staff from flying and falling debris. DUCK, COVER AND HOLD ON is an appropriate action for use during an earthquake or explosion. Immediate EVACUATION and an EMERGENCY DAMAGE ASSESSMENT must be performed prior to occupancy of any of the site’s buildings, following any event prompting the use of DUCK, COVER AND HOLD ON.</p>
EVACUATION	<p>EVACUATION is implemented when conditions make it unsafe to remain inside the building(s). This action provides for the orderly movement of students and staff along prescribed routes from inside school buildings to a designated outside area of safety.</p> <p>OFF-SITE EVACUATION is implemented when it is unsafe to remain on the school campus, and evacuation to an off-site assembly area is required. This action provides for the orderly movement of students and staff along prescribed routes from inside school buildings to a designated area of safety off campus. In some situations OFF-SITE EVACUATION may require the use of busing. STRUCTURED REUNIFICATION should be used following any OFF-SITE EVACUATION.</p> <p>EARLY RELEASE Certain situations may require releasing students from school at a time when parents expect their children to be at the school site. EARLY RELEASE may be implemented when circumstances make keeping students at school inadvisable. EARLY RELEASE must be authorized by the district superintendent or designee. During an EARLY RELEASE, students follow normal dismissal procedures.</p>

Type	Definition
REUNIFICATION	<p>STRUCTURED REUNIFICATION is the process used to reunify children with their parents, guardians or caregivers, following a school emergency. Regular dismissal procedures are not followed. STRUCTURED REUNIFICATION requires:</p> <ul style="list-style-type: none">• Maintaining accurate information on the location of each child.• Preventing unauthorized individuals from having access to or removing children.• Verifying the identity of individuals coming to take custody of children.• Verifying each individual has the legal right to take custody the child for which they have asked.• Keeping record of who each student is released to, the method used to verify their identity and the time of the pick-up.

Bomb Threat

In the event that the school receives a bomb threat by telephone, follow the Bomb Threat Checklist on the next page to document information about the threat. Keep the caller on the telephone as long as possible and listen carefully to all information the caller provides. Make a note of any voice characteristics, accents, or background noises and complete the Bomb Threat Report as soon as possible.

PERSON RECEIVING THREAT BY TELEPHONE:

- Listen. Do not interrupt caller.
- Keep the caller on the line with statements such as *"I am sorry, I did not understand you. What did you say?"*
- Alert someone else by prearranged signal to notify the telephone company to trace the call while the caller is on the line.
- Notify site administrator immediately after completing the call.
- Complete the Bomb Threat Checklist.

Telephone Bomb Threats

- Remain calm/courteous.
- Read phone's visual display.
- Listen, don't interrupt.
- Keep caller talking. Pretend hearing difficulty.
- Notice details: background noises, voice description.
- Ask: When? Where? What? How?
- Don't touch any suspicious objects.

Call 911

PERSON RECEIVING THREAT BY MAIL:

- Note the manner in which the threat was delivered, where it was found and who found it.
- Limit handling of item by immediately placing it in an envelope so that fingerprints may be detected. Written threats should be turned over to law enforcement.
- Caution students against picking up or touching any strange objects or packages.
- Notify principal or site administrator.

PRINCIPAL/SITE ADMINISTRATOR ACTIONS:

- Call 911.
- If the caller is still on the phone, contact the phone company to trace the call. Tell the telephone operator the name of school, name of caller, phone number on which the bomb threat came in. This must be done quickly since the call cannot be traced once the caller has hung up.
- Instruct staff and students to turn off any pagers, cellular phones or two-way radios. Do not use those devices during this threat since explosive devices can be triggered by radio frequencies.
- Determine whether to evacuate the threatened building and adjoining buildings. If the suspected bomb is in a corridor, modify evacuation routes to bypass the corridor.
- Use the intercom, personal notification by designated persons, or the PA system to evacuate the threatened rooms.

- If it is necessary to evacuate the entire school, use the fire alarm.
- Direct a search team to look for suspicious packages, boxes or foreign objects.
- Do not return to the school building until it has been inspected and determined safe by proper authorities.
- Avoid publicizing the threat any more than necessary.

SEARCH TEAM ACTIONS:

- Use a systematic, rapid and thorough approach to search the building and surrounding areas.
- Check classrooms and work areas, public areas (foyers, offices, bathrooms and stairwells), unlocked closets, exterior areas (shrubbery, trash cans, debris boxes) and power sources (computer rooms, gas valves, electric panels, telephone panels).
- If suspicious item is found, make no attempt to investigate or examine object.

STAFF ACTIONS:

- Evacuate students as quickly as possible, using primary or alternate routes.
- Upon arrival at the designated safe site, take attendance. Notify the principal/site administrator of any missing students.
- Do not return to the building until emergency response officials determine it is safe.

Civil Disturbance

A civil disturbance is an unauthorized assemblage on the school grounds with the potential to:

- disrupt school activities;
- cause injury to staff and students; and/or
- damage property.

Precautionary measures must be taken to keep school personnel and students from undue exposure to danger. Efforts should be made to remain calm, to avoid provoking aggression, and to keep students in their classrooms.

Earthquake

Earthquakes strike without warning. Fire alarms or sprinkler systems may be activated by the shaking. The effect of an earthquake from one building to another will vary. Elevators and stairways will need to be inspected for damage before they can be used. The major shock is usually followed by numerous aftershocks, which may last for weeks.

The major threat of injury during an earthquake is from falling objects, glass shards and debris. Many injuries are sustained while entering or leaving buildings. Therefore, it is important to quickly move away from windows, free-standing partitions and shelves and take the best available cover under a sturdy desk or table, in a doorway or against an inside wall. All other actions must wait until the shaking stops. If persons are protected from falling objects, the rolling motion of the earth may be frightening but not necessarily dangerous.

Inside Building

PRINCIPAL/SITE ADMINISTRATOR ACTIONS:

- Direct inspection and assessment of school buildings. Report building damage and suspected breaks in utility lines or pipes to fire department responders.
- Send search and rescue team to look for trapped students and staff.
- Post guards a safe distance away from building entrances to assure no one re-enters.
- Determine who will inform public information media as appropriate.
- Do NOT re-enter building until it is determined to be safe by appropriate facilities inspector.
- Determine whether to close school. If school must be closed, notify staff members, students and parents.

STAFF ACTIONS:

- Give DROP, COVER and HOLD ON command. Instruct students to move away from windows, bookshelves and heavy suspended light fixtures. Get under table or other sturdy furniture with back to windows.
- Check for injuries, and render First Aid.

- Stay alert for aftershocks
- Do NOT re-enter building until it is determined to be safe.

Outside Building

STAFF ACTIONS:

- Move students away from buildings, trees, overhead wires, and poles. Get under table or other sturdy furniture with back to windows. If not near any furniture, drop to knees, clasp both hands behind neck, bury face in arms, make body as small as possible, close eyes, and cover ears with forearms. If notebooks or jackets are handy, hold over head for added protection. Maintain position until shaking stops.
- After shaking stops, check for injuries, and render first aid.
- Check attendance. Report any missing students to principal/site administrator.
- Stay alert for aftershocks.
- Keep a safe distance from any downed power lines
- Do NOT re-enter building until it is determined to be safe.
- Follow instructions of principal/site administrator.

During non-school hours

PRINCIPAL/SITE ADMINISTRATOR ACTIONS:

- Inspect school buildings with Maintenance/Building and Grounds Manager to assess damage and determine corrective actions.
- Confer with District Superintendent if damage is apparent to determine the advisability of closing the school.
- Notify fire department and utility company of suspected breaks in utility lines or pipes.
- If school must be closed, notify staff members, students and parents. Arrange for alternative learning arrangement such as portable classrooms if damage is significant and school closing will be of some duration.
- Inform public information media as appropriate.

Fire (Offsite)

A fire in an adjoining area, such as a wildland fire, can threaten the school building and endanger the students and staff. Response actions are determined by location and size of the fire, its proximity to the school and the likelihood that it may endanger the school community.

PRINCIPAL/SITE ADMINISTRATOR ACTIONS:

- Determine if EVACUATION of school site is necessary.
- Contact local fire department (call 911) to determine the correct action for your school site.
- If necessary, begin evacuation of school site to previously identified safe site using school evacuation plan. If needed, contact bus dispatch for OFF-SITE EVACUATION.

- Monitor radio station for information.
- Do not return to the building until it has been inspected and determined safe by proper authorities.

STAFF ACTIONS:

- If students are to be evacuated, take attendance to be sure all students are present before leaving the building site.
- Stay calm. Maintain control of the students a safe distance from the fire and firefighting equipment.
- Take attendance at the assembly area. Report any missing students to the principal/site administrator and emergency response personnel.
- Remain with students until the building has been inspected and it has been determined safe to return to.

Fire (Onsite)

Should any fire endanger the students or staff, it is important to act quickly and decisively to prevent injuries and contain the spread of the fire. All doors leading to the fire should be closed. Do not re-enter the area for belongings. If the area is full of smoke, students and employees should be instructed to crawl along the floor, close to walls, which will make breathing easier and provide direction. Before opening any door, place a hand an inch from the door near the top to see if it is hot. Be prepared to close the door quickly at the first sign of fire. All fires, regardless of their size, which are extinguished by school personnel, require a call to the Fire Department to indicate that the “fire is out”.

- Do not allow staff and students to return to the building until the Fire Department declares that it is safe to do so.

STAFF ACTIONS:

- EVACUATE students from the building using primary or alternate fire routes Take emergency backpack and student kits. Maintain control of the students a safe distance from the fire and firefighting equipment.
- Take attendance. Report missing students to the Principal/designee and emergency response personnel.
- Maintain supervision of students until the Fire Department determines it is safe to return to the school building.

Near the School

PRINCIPAL/SITE ADMINISTRATOR ACTIONS:

- Notify the Fire Department (call 911). The Fire Marshall will direct operations once on site.
- Determine the need to implement an **EVACUATION**. If the fire threatens the school, execute the actions above. If not, continue with school routine.

Flood

Flooding could threaten the safety of students and staff whenever storm water or other sources of water threaten to inundate school grounds or buildings. Flooding may occur if a water pipe breaks or prolonged rainfall causes urban streams to rise. Flooding may also occur as a result of damage to water distribution systems such as failure of a dam or levee. If weather-related, an alert message will be broadcast over the weather radio station.

PRINCIPAL/SITE ADMINISTRATOR ACTIONS:

- Issue STAND BY instruction. Determine if evacuation is required.
- Notify local police department of intent to EVACUATE, the location of the safe evacuation site and the route to be taken to that site.
- Delegate a search team to assure that all students have been evacuated.
- Issue Off Site Evacuation instruction if students will be evacuated to a safer location by means of buses and cars.
- Post a notice on the office door stating where the school has relocated and inform the District Office.
- Monitor AM radio weather station for flood information.
- Do not allow staff and students to return to the building until proper authorities have determined that it is safe to do so.

BUS DRIVER ACTIONS:

- If evacuation is by bus, DO NOT drive through flooded streets and/or roads. DO NOT attempt to cross bridges, overpasses or tunnels that may be damaged by flooding.

Gas Odor/Leak

All school personnel, including cafeteria managers and custodians, shall immediately report any gas odor or suspected gas leak to the principal. If an odor is detected outside the building, it may not be necessary to evacuate.

STAFF ACTIONS:

- Notify principal.
- Move students from immediate vicinity of danger.
- Do not turn on any electrical devices such as lights, computers, fans, etc.
- If odor is severe, leave the area immediately.
- If the building is evacuated, take student attendance and report any missing students to Principal/Site Administrator.

PRINCIPAL/SITE ADMINISTRATOR ACTIONS:

- If gas leak is internal, evacuate the building immediately.
- Call 911.
- Notify utility company.
- Determine whether to move to alternate building location.
- If extended stay outdoors in inclement weather, contact transportation to provide bus to transport students to partner school or shelter students on buses.
- Do not return to the building until it has been inspected and determined safe by proper authorities.

Hazardous Materials Release

The nature of the material and the proximity of the incident to the school site will determine which emergency ACTION should be implemented. Police, Fire or Public Health Department may order **EVACUATION** of the school. See also **BIOLOGICAL AGENT RELEASE** and **CHEMICAL ACCIDENT**.

PRINCIPAL/SITE ADMINISTRATOR ACTIONS:

- Call 911, if necessary.
- If there is a threat of airborne toxicity, shut-off ventilation system in affected area.
- Initiate EVACUATION. Any toxic cloud that can affect students in their classrooms would very likely affect them outside on the school grounds as well. If evacuating by foot, move crosswind to avoid fumes, never upwind or downwind.
- Isolate anyone suspected of being contaminated with a substance that could be transferred to others until public safety personnel carry out decontamination procedures.
- If time is available, initiate Off Site Evacuation, which may include the use of busses. Move students and staff away from the path of the hazardous materials.
- Wait for instructions from emergency responders-- Health or Fire Department.
- Do not allow the return of students to the school grounds or buildings until public safety officials declare the area safe.
- Upon return to school, ensure that all classrooms are adequately aired.

TEACHER ACTIONS:

- Follow standard student assembly, accounting and reporting procedures.
- Report names of missing students to office.
- Do not take unsafe actions such as returning to the building before it has been declared safe.

Intruder

All public schools are required to post signs at points of entry to their campuses or buildings from streets and parking lots. The following statement should be used on signage:

All visitors entering school grounds on school days between 7:30 a.m. and 4:30 p.m. must register at the Main Office. Failure to do so may constitute a misdemeanor.

-- California Penal Code Title 15, Chapter 1.1 § 627.2

To prevent intruders on campus, keep doors secure, use sign-in sheets for visitors and cameras and staff to monitor entryways.

PRINCIPAL/SITE ADMINISTRATOR ACTIONS:

- Initiate **LOCKDOWN**.
- Request intruder to leave campus. Remain calm. Be courteous and confident. Keep distance from the intruder. Speak in soft, non-threatening manner. Avoid hostile-type actions, except in cases when necessary to safeguard person or property. Listen to the intruder. Give him or her an opportunity to vent. Attempt to be helpful. When talking to the intruder, use phrases such as:
“What can we do to make this better?”
“I understand the problem, and I am concerned.”
“We need to work together on this problem.”
- As soon as the conversation or actions of the individual become threatening or violent, call 911 immediately. Provide description and location of intruder.
- Keep subject in view until police or law enforcement arrives.
- Take measures to keep subject away from students and building.
- Designate an administrator or staff member to coordinate with public safety at their command post; provide a site map and keys to public safety personnel.
- When scheduling a meeting with an individual known to be aggressive, arrange for another staff member or student resource officer to be present.
- Be available to deal with the media and bystanders and keep site clear of visitors.

STAFF ACTIONS:

- Notify the principal/site administrator. Provide description and location of the intruder. Visually inspect the intruder for indications of a weapon.
- Keep intruder in view until police or law enforcement arrives. Stay calm. Do not indicate any threat to the intruder.
- Isolate intruder from students. Lock classroom and office doors. Close blinds and stay clear of windows and panes of glass. Remain inside rooms until the **ALL CLEAR** instruction is announced.

Infectious Disease Outbreak

Influenza is a highly contagious viral disease. Pandemic influenza differs from both seasonal influenza (flu) and avian influenza in the following aspects:

- It is a rare global outbreak which can affect populations around the world.
- It is caused by a new influenza virus to which people do not have immunity.
- Depending upon the specific virus, it can cause more severe illness than regular flu and can affect young healthy people more so than older, sick people.

The Department of Health and Human Services will take the lead in mobilizing a local response to pandemic influenza. Public health alerts will be reported to schools and the community. Individual schools may be closed temporarily to contain spread of the virus.

PRINCIPAL/SITE ADMINISTRATOR ACTIONS:

- Activate heightened surveillance of illness within school site. Gather data on symptoms of students and staff who are sick at home.
- Insure that students and staff members who are ill stay home.
- Send sick students and staff home from school immediately.
- Provide fact sheets and guidelines for school families to make them aware of symptoms and remind them of respiratory hygiene etiquette
- Monitor bulletins and alerts from the Department of Health and Human Services.
- Keep staff informed of developing issues.
- Assist the Department of Health and Human Services in monitoring outbreaks.
- Respond to media inquiries regarding school attendance status.
- Implement online education, if necessary, so that students can stay home.
- Maintain surveillance after the initial epidemic in the event a second wave passes through the community.

STAFF and STUDENT ACTIONS:

- Stay home when ill with cough or other flu-like symptoms (chills, fever, muscle aches, sore throat).
- Practice “respiratory hygiene etiquette”.
- Disinfect surfaces contaminated with infected respiratory secretions with a diluted bleach solution (1 part bleach to 100 parts water).
- Implement online homework assignments so that students can stay home.

Respiratory Hygiene Etiquette

- Cover your cough and sneeze with a tissue
- Wash hands with soap and water or a waterless hand hygiene product
- Place used tissues into a sealed bag

Severe Weather

Severe weather can be accompanied by high winds, downed trees, and swollen creeks. An emergency response is required when this type of weather poses any risk to the staff and students. Assure that each student's method of returning home is safe and reliable.

Severe Storm

PRINCIPAL/SITE ADMINISTRATOR ACTIONS:

- Monitor weather forecasts and weather-related communications to determine onset of storm conditions that may affect school operations.
- Report to site by 6 a.m. to check for power outages, flooding, etc.
- Determine whether school will be closed or remain open.
- Assign staff to activate staff and parent phone trees
- Post school status on school website.
- Notify utility companies of any break or suspected break in utility lines.
- Take appropriate action to safeguard school property.
- Upon passage of the storm, return to normal routine.

Windstorm

PRINCIPAL/SITE ADMINISTRATOR ACTIONS:

- Monitor weather forecasts to determine onset of storm conditions that may affect school operations
- Notify utility companies of any break or suspected break in utility lines.
- Keep staff and students in sheltered areas of the building until winds have subsided and it is safe to return to the classroom.
- Take appropriate action to safeguard school property.
- Upon passage of the storm, return to normal routine.

STAFF ACTIONS:

- Evacuate any classrooms bearing full force of wind. Evacuate to lower floor of school building near inside walls.
- Initiate TAKE COVER with students in the shielded areas within the building. Stay away from windows.
- Take attendance. Report any missing students to principal/site administrator.
- Close all blinds and curtains.
- Remain with students near an inside wall or on lower floors of the building. Make arrangements for special needs, snacks and quiet recreational activities.

Tsunami

Generated by earthquakes, underwater disturbance or volcanic eruption, a tsunami is a series of waves that come onshore as a rapidly rising surge of water. Tsunami waves can travel at speeds up to 600 miles per hour in the open ocean. Areas at greatest risk of inundation are less than 25 feet above sea level and within one mile of the coastline.

PRINCIPAL/SITE ADMINISTRATOR ACTIONS:

Before

- Know the height of the school above sea level and its distance from the shoreline. Evacuation orders may be based on these numbers.
- Be familiar with tsunami warning signs. An earthquake or a sizable ground rumbling is a warning signal to people living near the coast. A noticeable rapid rise or fall in coastal waters may indicate an approaching tsunami.
- Make plans for evacuation by vehicle and/or by foot. Pick an inland location that is elevated. Identify an alternative evacuation site in case roads are blocked.

During

- Heed natural warnings. An earthquake or rapid fall in coastal waters may serve as a warning that a tsunami is coming
- Monitor the NOAA Weather Radio Service for tsunami warnings: <http://wcatwc.arh.noaa.gov/>. Authorities will issue a warning and tone alert only if they believe there is a potential threat of a tsunami.
- Quickly move students and staff to higher ground as far inland as possible. Follow instructions issued by local authorities. Planned evacuation routes may be blocked; bridges may be damaged. Every foot inland or upwards may make a difference.
- Remain on safe ground until local authorities advise it is safe to return.

After

- Stay tuned to the National Weather Service for the latest emergency information. The tsunami may have damaged roads, bridges, and other structures that may be unsafe.
- Expect debris.
- Stay out of damaged buildings and those surrounded by water. Tsunami water can undermine foundations and cause walls and floors to collapse.
- Determine whether school will be closed or remain open.
- Assign staff to activate staff and parent phone trees
- Post school status on school website.
- Arrange with authorities to check for broken or leaking gas lines, flooded electrical circuits, furnaces or electrical appliances. Flammable or explosive materials may come from upstream.

- Check food supplies and test drinking water. Discard food that has come in contact with flood waters. It may be contaminated and should be thrown out. Use tap water only if local health officials advise it is safe.
- Photograph the damage, both of the building and its contents, for insurance claims.

STAFF ACTIONS:

- If there is a coastal earthquake, initiate TAKE COVER with students in the shielded areas within the building. Stay away from windows.
- When the shaking stops, quickly move students and staff to higher ground, at least 100 feet above sea level and two miles inland. Buildings located in low-lying coastal areas are not safe. Do NOT stay in such buildings if there is a tsunami warning. Be careful to avoid downed power lines.
- Take attendance. Report any missing students to principal/site administrator.
- Keep students and staff away from the beach. Watching a tsunami from the beach or cliffs could put them in grave danger. A second wave may be more destructive than the initial one. A tsunami can move faster than a person can escape it.
- Return to school only if authorities advise it is safe to do so.

- Continuation of music program allows students to benefit from weekly performing arts education and weekly performing arts experiences
- Addition of distance learning teacher for those families who chose to keep their students home during the covid 19 pandemic
- All classrooms are assigned a paraprofessional to provide academic and social emotional support to students within the classroom
- School grounds are safe, clean, and well maintained

Findings & Desired Improvements

- Continue with 2 days per week school counselor - add peer to peer programs under supervision of counselor (peer mediation, big kid/little kid buddies, listening circles)
- Continue with intervention program, with addition of additional support (paraprofessional support) in order to increase the number of students served by the intervention program
- Continue and increase trainings for all staff members on student and staff safety, well being, and social emotional health

Overall Strategies for the 2020/2021 School Year

Component 1 (Physical Environment):

- Add additional day of counseling time

- Provide music education
- Provide training to all staff on student and staff safety, well being, and social emotional health
- Continue to provide healthy breakfast and lunch free of charge to all students

Scotia School values our students' and staff's mental, emotional, physical, and academic well being, and is dedicated to providing support to our students, families, and staff to ensure these values are upheld.

Component 2 (School Climate):

- Add gate across back parking lot area off of the back alley to limit access to school building and upper playground
- Add fencing/gates on both sides of building to limit access to classroom exterior doors, kindergarten playground, and upper playground
- Add signage regarding safe school zone and following the "bearcode" (code of conduct)
- Keep grounds free of litter/debris and in good repair, in order to insure student safety and pride

Scotia School values our students' and staff's safety, and to this end, maintains a safe, well-maintained school facility to ensure our students and staff can learn and work in a positive, safe, and healthy environment that is a source of pride to our community.
