

# THE BEAR FACTS

Scotia Union School District Monthly Newsletter/January, 2022

## Happy New Year!

The students and staff enjoyed the busy month of December! Classes were still able to participate in many activities including:

food drive	door decorating contest	elf hunt
dress up day	Kiwanis book giveaway	coloring contest
schoolwide sing along	class parties	teachers' holiday performance

(if you haven't seen the performance-check it out on our Facebook page!)

Our students donated over 700 non-perishable food items, and ASB donated them to the Rio Dell Community Resource Center! Thank you, all, for your generosity!

Our ASES students completed a holiday scavenger hunt and light tour, sang carols, and then dropped off letters with the Jolly One before break, and were featured on the local news' "Something Good" segment!

Thank you to all our families who participated in our at-home COVID testing opportunity prior to returning from break! With the lack of tests available to purchase locally, we were happy to provide these free tests to use at home!

Boys basketball is underway! We have a 5th/6th grade team, and a 7th/8th grade team. The season schedule is on the school's website. It is exciting to think that our 5th and 6th graders will be playing in our new gym!
